# Plantation Gardens

Rustburg, Virginia

*Spring and Fall 1958*

## TRANSPORTATION OF PLANTS

**SPECIAL HANDLING:** 50c—add to general rates given below, please.

(This fee is charged by the postoffice, but recommended for distances beyond 150 miles).

### GENERAL RATES FOR PLANT SHIPMENTS:

60c per box of 8 plants (or any quantity under 8); additional plants at 3c each. TO—Maryland, Delaware, Washington, D. C., Virginia, West Virginia, North and South Carolina, Kentucky, Eastern Tennessee and Western Pennsylvania.

75c per box of 8 plants; additional plants at 4c each. TO—Georgia, Florida, Alabama, Arkansas, Louisiana, Mississippi, Missouri, Western Tenn., Ohio, Indiana, Michigan, Illinois, Wisconsin, Eastern Pa., New England, N. J., and N. Y.

90c per box of 8 plants; additional plants at 5c each. TO—Texas, Oklahoma, Kansas, Colorado, Iowa, Minnesota, North and South Dakota.

(All other western states: Airmail or Express charges collect—October to March).

Spring Orders for *PLANTS* which total \$30.00 or more, shipped **FREE**.

Fall Plant orders for \$25.00, shipped free.

**SAMPLE ORDERS:** 4 plants to Danville, Va.—transportation costs—60c; 11 plants to Knoxville, Tenn., Special Handling—60c, plus 9c, plus 50c—\$1.19. 8 plants to Dallas, Texas, general rates—90c; Special Handling, \$1.40.

(As the postal rates have risen again, we have tried to reduce prices of most plants in this list so that our customers can afford new plants for their gardens. Current seed prices have also been lowered a notch or two).

**SEND FULL PAYMENT** with order. Check, Money Order, or Cash—no stamps, please.

**KINDLY LIST SEEDS AND PLANTS SEPARATELY**, adding postage when necessary. **PRINT YOUR NAME AND ADDRESS, PLEASE.**

ORDER FORM to: PLANTATION GARDENS, Rustburg, Va.

# PLANTATION GARDENS, RUSTBURG, VIRGINIA

We specialize in raising seeds and plants of old-fashioned herbs. They are grown in the charming colonial atmosphere of an old-timey plantation.

## 6

### REASONS FOR BUYING FROM PLANTATION GARDENS

1. The herb seeds we sell are freshly harvested each year. They are our specialty; we are **THE Herb Seed Growers of America**.
2. We supply field grown plants of all hardy herbs and **NOT** rooted cuttings. Our greenhouse is for the tender varieties only. **ALL** our stock is big and strong, and gives immediate performance in your garden.
3. We have a wide variety of herbs, correctly named.
4. We give prompt and personal service to mail orders and to nursery customers, spending 365 days a year catering to herb fans.
5. We have a long season for shipping herb plants because we garden in a relatively mild climate. (Spring: Feb.-June; Fall: Sept.-Dec.)
6. Our nursery is centrally located. If plants are shipped "Special Handling," boxes reach you in two or three days—like first class mail!

*"My green santolinas have just arrived  
as eager to grow as a swarm to be hived.  
They're as crisp and perky as the day they were sent,  
And that I believe is a real compliment.  
Of all the herb growers this country has got,  
Plantation Gardens is the best of the lot."*

MRS. L. A. K., RFD 9, LAFAYETTE, INDIANA.

**AN INVITATION TO OUR NURSERY**—All herb friends are welcome the year round. We will give a personally conducted tour through out 'Showcase' gardens. Visit our herbs, and experience the flavor in person: see the way they look, smell their aromas . . . taste and sniff the herbs, and let us tell you about all the plants in which you are interested. Our ancient boxwood, too, is worth a sight-seeing trip.

**DIRECTIONS FOR FINDING OUR PLANTATION:** We are about 10 miles south of Lynchburg, and just off of highway No. 29. (We are NOT at Rustburg—that is only our mailing address). From the North: Take 29 south of Lynchburg, turn on county road 622 after passing Marble Lake sign. Watch for OUR road sign. Turn **RIGHT** on 622. From the South: Take 29 north, turn on 622, at our sign, after passing Kiddie Land Park. Turn **LEFT** on 622. Proceed on 622 for about 1½ miles until you see our entrance sign.

**AN INVITATION TO MAIL ORDER CUSTOMERS—***We invite newcomers to become satisfied clients by sending us a trial order for either seed or plants, or both.*

*We thank all our past customers for their confidence in our herbs, and for their appreciated orders which have made our nursery grow and prosper.*

MR. AND MRS. BRUCE CHALFIN,  
Phone: Lynchburg 2-2969.

### NEW BUSINESS TERMS

This list cancels prices in all previous catalogs. If you do not automatically receive our catalog, when issued in January of each year, kindly notify us; they are sent to all customers, but sometimes do not reach destinations!

We reserve the right to limit quantity of any plant variety to one customer. We suggest that you give an alternate choice, of plants, so there will be no delay if we are sold out at time order is received—our fall stock is usually ample, but in late spring it is often depleted of certain kinds; we do not substitute unless authorized. All claims for errors must be made within six days.

**MINIMUM PLANT ORDER:** \$3.00—exclusive of transportation; see rates.

**MINIMUM SEED ORDER:** \$1.00—sorry we can't ship smaller orders postpaid.

Due to the perishable nature of plants, they travel at the customer's risk and expense. Prices quoted per plant include packing materials, etc. When purchased at nursery, most prices are still further reduced for cash-carry.

## 1958 Price List of Seeds and Plants

Symbols: HP-hardy perennial. HH-halfhardy perennial. TP-tender perennial. AN-annual. BI-biennial. Fol.-foliage. Fls.-flowers. Heights: Tall, Medium (Med.), Low, Groundcover (GC). Prices: PG—offered at nursery only, in spring; mail order customers write for autumn prices.

Note: HH varieties are hardy to 10 degrees above zero.

#### DRIED SCENTS AND MEDICINALS: 25c per package:

Orris Root; Vetiver Root; Lemon Verbena Leaf.

Catnip Leaf; Horehound Leaf.

#### HERB BOOKS by Eleanor P. Chalfin:

*"The Useful Herbs,"* price \$1.00 plus 10c for mailing. All about 75 practical herbs which participate in household uses, giving healthful donations to the diet, and enjoyment in many other ways. 60 pages of good reading and important information on harvest and drying, cooking and recipes, culture and seeding . . . many other features. An attractive book, well printed, on the best of paper.

*"Herbs Described,"* price \$1.00 plus 5c for mailing. Still in very popular demand. 200 descriptions, with botanical and common names; index; garden designs. 52 pages of wonderful reference material. Both handbooks dovetail nicely, making a perfect pair.

Sowing Tables for Seeds of Popular Herbs: 15c each, or 10c with seed order.

The Herb Grower Magazine. Quarterly, \$2.50 a year. Order your subscription direct from the printer: The Fosters, Falls Village, Conn.

---

We suggest visiting a public herb garden when planning your own. Here are a few of the many famous places which have herbs from Plantation Gardens: The Cloisters (N.Y.); many of the gardens at Colonial Williamsburg; Brooklyn Botanical Garden; Heyward-Washington House (S. C.); Longwood Gardens (Pa.); Purdue University (Ind.); The Shaw Garden (N. C.); St. Louis Botanical Garden; Wade Park (Ohio); Whitnall Botanical Garden (Wis.) . . . and others.
